One hundred and twenty acres to all who have so served and have received 80 acres.
Eighty acres to all who have so served and have received 80 acres.
And if the soldier has deceased without obtaining 160 acres, the same allowance as above is made to his Widow, or if no Widow, to his Minor Children.
Service in the Revolution—in the War of 1812—and in all the Indian Wars, is provided for in said Act.

The subscriber is prepared to receive and prosecute all claims arising under said Act, with promptness and despatch, and upon as reasonable terms as other Agents.
He has many Military Rolls and Copies in his possession, and especially very full ones of the Militia divided for the Aroostook service in 1839.
As inducements to commit claims to his charge, he ventures to rely upon his long and well known experience and success in those of a similar nature.
He will, if preferred, Purchase the Land Warrants at fair rates.
Application may be made to him at his Office, or if requested by letter, he will send to claimants Declarations, with suitable directions, which may be executed without the parties leaving their homes.

KENNEDY'S
MEDICAL DISCOVERY
The Greatest of the Age!
DR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures FIFTY KINDS OF HUMOR, from the worst Scrofula down to a common pimple. He has tried it in over eleven hundred cases, and never failed except in two. He has now in his possession over five hundred certificates of its value, all within twenty miles of Boston.
Two bottles are warranted to cure a running sore mouth.
One to three bottles will cure the worst kind of pimples on the face.
Two to three bottles will cure the system of biles.
Two bottles are warranted to cure the worst canker in the mouth and stomach.
Three to five bottles are warranted to cure the worst cases of erysipelas.
One to two bottles are warranted to cure all humors in the eyes.
Two bottles are warranted to cure running in the ears and blotches in the hair.
Four to six bottles are warranted to cure corrupt and running ulcers.
One bottle will cure the scaly eruptions of the skin.
Two to three bottles are warranted to cure the worst case of ring worm.
Two to three bottles are warranted to cure the most desperate cases of rheumatism.
Three to six bottles are warranted to cure salt-rheum.
Five to eight bottles will cure the very worst case of Scrofula.
A benefit is always experienced from the first bottle, and a perfect cure warranted when the above quantity is taken.
Nothing looks so improbable to those who have in vain tried all the wonderful mediacines of the day as, that a common weed, growing upon the pastures, and along old stone walls, should cure every humor in the system, yet it is now a fixed fact. If you have a sore or it has to start. There are no ifs nor ands about it, as long some cases but not yours. He has peddled over a thousand bottles of it in the south of Boston, and knows the effects of it in every case. It has already become of the greatest cures ever done in Massachusetts. He gave it to children a year old, to old people of sixty; and it has seen very loathsome children, whose flesh was pale and flabby, restored to a perfect state of health by one bottle.
To those who are subject to sick headache, one bottle will always cure it. It gives great relief in catarrh and rheumatism. Some who have taken it have been afflicted for years, and have been disappointed by it. Where the body is covered with ... spots many times over, when the ... are discharging of the fluidness of nature, it will cause very disagreeable feelings, but you must not be alarmed—they always disappear in from four ... weeks. There is never a bad result from it—on the contrary, when that feels it is gone, you will feel yourself like a new person. I have some of the most extravagant appreciations of it that ever man listened to.
No change of diet ever necessary. Eat the best you can get and enough of it.
Roxbury, Sept 19, 1853.
This is to testify that DR. H. H. RAY, Druggist, Portland, is the duly AUTHORISED GENERAL AGENT for my MEDICAL DISCOVERY for the STATE OF MAINE, and that he is supplied with the GENUINE, direct from my Laboratory.

Republican Nomination.

FOR GOVERNOR

ANSON P. MORRILL.

Father Seebrunger's Advice.

Although true that Protestants should unite, whenever the Church is threatened, in order to show more forcibly their hostility to the common enemy, they have already given way. Now we think that we are acting in accordance with the principles of Protestantism, in good faith, by giving a support, not only to those who have been elected, but also to candidates, even from the ranks of the Democracy, who are determined and firm in opposing the encroachments of the Church of Rome upon the liberties of this State and National Sovereignty, but what is known as the Republican party.

Boston Journal.

A Beautiful Fraternization.

The Bangor Journal and the Bangor Democrat are most excellent friends about this time. The alliance between John Bull and Louis Napoleon is nothing to it. Touch one of them, and the other flies to the rescue, with a fraternal feeling which is truly affecting. The disaffected Democrats get up a meeting and pitch into the old leaders, and then Frank Pierce. The Journal is on hand to assist its brother Democrat against these malignants of the administration, and to assure the public, (as a mere matter of news,) that the meeting was miserable, contemptible affair. Does the Journal get into a tight place, in calling out our dangerfound member of Congress? The Democrat promptly gives such aid as its time worn talents can afford. Does our neighbor of the Jeffersonian cut to rather severely among the Federal office-holding gentry? or does our editor prick the Democratic tender spot? The Journal is not behind hand in assisting its ally.

Then again the Democrat faithfully copies all the false charges and insinuations of the Journal against the city government, and the Journal copies back the articles got up by the Democrat to show that the Maine Law does not even check liquor selling nor drunkenness.

The Democrat borrows the speech of Fry Evans at the Stratton Convention, and publishes it approvingly. Evans was well ever known that an old line Democratic paper published a real Whig speech? and the Journal takes the Democratic account of the Hunker Fusion meeting at Penn Hall. And so they go—Prime pure, unadulterated *Hags*, ravenously virtuous against a fusion such *Free Soilers*, are now found laboring in the most intimate communion with the old line *Democrats* who have always opposed Free Soilism, and proposing to go into a general fusion with them on the State representative ticket. Truly, they are to street that they up under back wards

The Law and Order League for the State of Pennsylvania now numbers about twenty thousand members, and are thoroughly organizing throughout the State with great energy, and rapidly, their objects being a concert of action, to protect themselves and their interests, by legal, peaceable and political process, against legislation upon the prohibitory question.—

Boston Journal.

The last Bangor Democrat says

The consumption of spirituous liquors has increased in those States where the principle of prohibition has been urged with the most zeal, and where it has been adopted.

If prohibitory liquor laws are as *ineffectual* as represented—if "just as much liquor is sold now as ever, notwithstanding the efforts of temperance men to enforce the laws—if all these laws are unconstitutional, as alleged, and will not stand in the Courts—why the necessity of those vast associations of liquor dealers to protect their *interests*, and to raise immense funds in aid of that purpose? It was stated in open session of the Legislature, by a member of the city government, that "not a drop of liquor was sold on Court," the business must have been vastly *increased* by the laws—for it is said that *prices* have been doubled in consequence. We should find, therefore, (allowing their own allegations to be true,) that the interests of the liquor dealers had been *promoted* by the law. The *fact* is, however, that the business of the manufacturers and dealers has already been greatly curtailed—and to better evidence of it's fact is wanted than the formation of these associations.

WE CALL AGAIN FOR THAT PROOF.—We have been waiting a long while for one single column of the Journal to back all the proof which we called for, weeks ago, of a long list of charges against the City Government and police of Bangor—damned to its pith and unity, and stamped as false and malicious. Our neighbor has made no attempt to prove them, but still goes on in promiscuous new charges, as bubbles to the former ones. Until that paper furnishes the facts demanded, people out of the city ought not to believe a word it may say in relation to our city government, or the police and citizens—as in the city understand the motives which govern the Journal, to not to be deceived by its many representations and exaggerations. Let the conductors of that paper either prove or retract the charges already stamped as false, before asking people to believe new ones.

Post as Rivers, or the Iron and the Pen. By A. H. Hall, Boston: James Fraser & Co., 1855.

This is a neat little volume, of 160 pages, in which the author gives some pretty severe hits at the avaricious capitalists of every who obtain their wealth by grinding the face of the poor and make money their only god.

The story is well written, and contains many sharp strokes.

Thanks to Edwards & Co's Express for last evening papers of Tuesday, in advance of the mail.

HARTFORD, July 7. A court martial has been ordered at Fort McHenry, upon the application of Lieut. Griffin, to inquire into the cause of the death of the soldier Louis Hoop, who, it is alleged, was killed by ill treatment received by order of Lieut. Griffin.

Authentic history o the Portland Riot.

[From the Portland Advertiser.]

REPORT OF THE COMMITTEE OF INVESTIGATION.

(Concluded.)

Mr Dyer, who had left the place by one of the first carriages, now returned and came on into the room with a pale face, and stated that it was my business to open the door, which was then opened. It was probably about 10 minutes from the time Mr Dyer left the room until he returned. Mr Batchelder stated that while on his way he saw the Mayor and Aldermen coming, but heard no special orders. Mr Batchelder also stated that he saw the Mayor and Aldermen in the Agency room.

The appeals of the Mayor to the crowd to disperse, and the efforts of the police to clear the street, were unavailing. The crowd was not only not dispersed by the appeals, but was increased by the accession of the leaders of the mob, and now gathered closer around the building, and now the door. A large proportion of them had evidently come for the purpose of attacking the building, and were only waiting for the word to be given. The police, after the reading of the Mayor's proclamation, were ordered to disperse the crowd, and to arrest any persons who refused to disperse. The police then made a charge upon the crowd, driving them back from the building, and succeeded in clearing the street for a short distance. The police then returned to the building, and were soon followed by the crowd, who again assembled in front of the building, and commenced throwing stones, bricks, and other missiles at the building, breaking in the windows, and doing other damage to the building. The police were then

Will exhibit at FRANKFORT the 8th, at ORONO the 11th, at ALFORD the 13th of AUGUST,

AT BANGOR,

THURSDAY and FRIDAY, AUGUST 9th and 10th.

Doors open at 2 and 7 o'clock, performances commence at 2½ and 7½ P M Admission 25 cents.

The performances of the combined companies will include nearly every imaginable variety of

Equestrian, Gymnastic and Aerobatic FEATS,

in which the entire strength of the double troupe of male and female performers will appear, the whole enlivened by the inimitable drollery of the

THREE GREAT CLOWNS—

Worrell, the Wit, Welch, the Musical, and Whittaker, the Stump Orator.

The proprietors confidently refer to the thousands who have visited "Welch's Circus" in former years, as to the reputation which has been constantly sustained for attractiveness, and the fulfillment of the promises held out in its advertisements and now that it has been augmented by the addition of

Another Complete Circus,

it is believed that a first view are affords the management for the amusement and gratification of these patrons, without parallel and beyond the approach of rivalry.

Very Particular Notice.

A novel and attractive feature in the entertainment of the combined companies come to in the presentation of the GRAND MAGIC PANTOMIME,

THE MISER OF BAGDAD

Which was originally produced by Welch & Lent, in Philadelphia, last winter, at great expense, and which has been performed from the commencement of the travelling season

NO OTHER COMPANY

Has ever attempted to imitate it, unless within a few days, in self defence, the management are constrained to beg the public to judge of the character of this match invoking far genuine by any paltry imitation which may be brought out at a mushroom notice, in hopes of taking advantage of the well earned popularity of the original piece.

The Miser of Bagdad curiously by whom is assisted as originally produced in Philadelphia, with all its magical changes and transformations, by the exhibition of

WELCH'S AND LENT'S COMBINED CIRCUSES,

which will not exhibit in this vicinity until AUGUST. [illegible] July18.

First Premium PIANO FORTES!

WE have received the agency, for Bangor and vicinity, for the sale of

Brown & Allen's Piano Fortes,

which are acknowledged by competent judges to be, in the essential requisites of a Piano, the best now made in this country

Mr. Brown was of the old firm of Brown & Hallett, (whose Pianos have been long in the market and are much admired for their durability and purity of tone) subsequently ten years foreman in the justly celebrated manufactory of the late John Chickering, Esq., where he perfected and applied his PATENT GRAND ACTION

Piano Fortes of their manufacture are distinguished for powerful, pure musical quality of tone, and superior elastic action. See extract from Report of Committee on Musical Instruments, at the Rhode Island society for the encouragement of Domestic Industry, holden September 12th & 16th, 1854

"After a careful examination of the workmanship, externally and internally, and after repeated trials and hearings your Committee feel prepared to say that this (Brown & Allen's) Piano Forte is one of the very best they have ever met with in the course of some seventeen years observation of the progress of Piano Forte manufacture in this country. In purity, combined with power and melody of tone, in evenness of tone from the bottom to the top of the scale in the great excellence of the action; in thoroughness and elegance of workmanship throughout; in all the qualities, in short, which unitedly constitute a first rate Piano Forte, this instrument, in the opinion of your Committee, has not been surpassed by any Square Piano Forte hitherto produced among us, and they consider it eminently worthy of the highest premium in this department."

☞ Read the following certificate from a well known, competent judge

—CERTIFICATE—

To whom it may concern,—I have had occasion to use, and to select for many of my friends, Pianos made by Messrs Brown & Allen, and I do not hesitate to say that their instruments are not second to those made by any other person or persons in the city; and in many of the more important points, such as purity of tone and neatness of touch, durability, &c, I cannot but give to them the preference. I would therefore recommend to those who may wish to purchase, to call at 334 Washington street and examine for themselves.

DR. J. H. SCHENCK'S SEA WEED TONIC,

—AND THE—

Cure of Dyspepsia.

THIS form of dyspepsia is composed of a compound preparation of sea weed growing in the Atlantic ocean, and is the sea weed for the cure of Dyspepsia and Liver complaint, viz:

Sea weed, Sea weed Tonic, Dyspepsia, Pulmonic Syrup and Mandrake Pills.

Sea Weed Tonic and Dyspepsia Cure

Are prepared from the Sea Weed,

Vermifuge, Pulmonic Syrup and Mandrake Pills

Are prepared from Roots, Herbs and Barks.

Nearly every person more or less afflicted with Dyspepsia, in some of the diversified forms of it, and it is with feelings of pleasure that Dr. Schenck can announce to the afflicted public that the virtues of the Sea Weed, which enter into the composition of the Sea Weed Tonic, are capable of curing the most distressing cases of Dyspepsia in all its stages, and that the use of the Sea Weed Tonic in connection with the Pulmonic Syrup, and the Sea Weed Liver Pills, will restore to perfect health any person who has destroyed their digestive organs by the use of calomel or quack nostrums, and that too in the shortest possible time.

Nearly every person who has used calomel, or has been salivated by it, knows the dreadful effects that follow. Many have lost their teeth, others have had their jaws decayed, and others have had their mouths and throats eaten out with ulcers, and many have been made cripples for life, and all this from the use of calomel, when, if they had taken the Sea Weed Tonic, Pulmonic Syrup and Mandrake Pills, they would have been restored to perfect health.

Dr. Schenck has been engaged in the practice of medicine for the last twenty years, and has made the study of Consumption, Liver Complaint and Dyspepsia a particular study, and has discovered that the Sea Weed, in its natural state, contains more medicinal properties for the cure of Dyspepsia and Liver Complaint than any other vegetable production in the known world.

Dr. Schenck has been obliged to put up his medicines in pound bottles, in consequence of the many imitations that have been palmed off upon the public, and in order to prevent imposition, he has had his name blown in the bottle, and has also a fac simile of his signature on the outside wrapper, without which none are genuine.

Dr. Schenck's Pulmonic Syrup, Sea Weed Tonic, Mandrake Pills and Sea Weed Liver Pills are prepared and sold by Dr. J. H. SCHENCK, at his principal office, No. 15 North 6th street, Philadelphia.

New England Roofing Company,

MANUFACTURERS OF

WARREN'S IMPROVED

Fire and Water Proof Composition Roofs,

Office——7 Liberty Square, Boston.

THE Company would respectfully call the attention of Builders, Architects & Mechanics to their Roofs. Public, to the fact that after a long test of Roofs, which has been very generally adopted in the cities of Lowell, Cincinnati, Chicago, and St. Louis, and within the past year in Boston and vicinity, where, at the present time, not a single roof has been removed for repairs, during the use of all the cheap and inferior Roofs, and as consistently offered to the Public, a mode of Roofing unobjectionable in every material particular.

The tools employed are none of them subject to corrosion or rust, like the metals, nor will they expand and contract with the changes of temperature like wood, and soon or shrink in dry weather, and swell in damp, like shingles, and other wood preparations.

Roofs are subject to different degrees than any other Fire Proof Roof now in use, the valuable requisites of cheapness, durability, and economy, against both Fire and Water.

These Roofs require no permanent of but more than one coat to the roof in every two years, which is a trifling expense, and can be done by any person, and will preserve the roof in a perfect state for ages.

The Roofs are formed at a much less cost than any other Fire Proof Roof now in use, the material being of a very simple character, requiring no skilled labor in its application, and can be applied to any kind of roof, whether flat or pitched, and to old roofs without removing the old roofing, and to new buildings in the usual manner
